Festival of Pentecost.

O Holy Ghost, grant us Thy Holy gifts,
And fill the hearts of all Thy faithful
With the fire of Thy divine love
Love, towards God
Love, towards neighbors,
Enemies and friends alike.
A merry and happy Pentecost to you.

PETER MONDLOCH.

There will be a dance in Razak's Hall at Collyer, Friday evening, May 10, 1913. Music by the Quintet orchestra. Everybody come.

Last Friday one of the worst wrecks of the year occurred between Colby and Goodland on the Rock Island railroad. About seven inches of water fell in that neighborhood and in consequence much track was washed out. A work train was sent from Goodland to repair the damage and the engine and four cars were creeping along on the track in the water when the track gave way and the train slid into the ditch. The engineer and fireman were seriously injured. The Rock Island had to use the U. P. tracks for several days.

Last Tuesday evening the Knights and Ladies of Security Council was organized under the direction of Miss McKinley, who was assisted by twenty members of the Ellis council, seven of whom were initiated into the order and there are several who will later take up membership. The election of officers and initiation took place at 6:30 and the public installation took place at 8:30 in the presence of about seventy-five guests. The decoration of the hall was pretty and appropriate and the ladies served delicious ice cream and cake. The installation was both instructive and impressive. For lack of information we are unable to give the list of officers, but probably will do so later. We wish the new order much prosperity and success. The Ellis visitors were shown our city in automobiles in the afternoon.

Puppy Love.

Puppy love is killing the usefulness of some of the older girls in the public school. The disease strikes every girl (and most boys) at one time or another while still in the puppy state, but it is seldom fatal below the age of 16 to 18 years. However the pest has infected girls as young as 13 years old this year. Several have reached the mooning stage when they lean listlessly against each other, eyes turned heavenward and sighing to beat the band. These are hereby advised to seek a cure before the second, stage, that of lunacy is reached. Bathe the head in cold water every day to cool the throbbing microbe in the brain. Simultaneously soak the feet in hot water to draw the blood from the brain and heart into the lower extremities. If that doesn't help, try a pill—but, by all means seek a remedy soon. The longer you permit it to grip your vitals, the more difficult it will be to recover your sanity. You are at the age when a little study and some education might make a woman of you. Your parents, at least, hope so. The parents might also see that the girls are not on the street at night on the pretence of going to parties. Children

(and all mooning girls in knee dresses are children) should not be allowed free reign to rampage about with boys. Think about the examination that is due and less about the curve of the ear or the dirt under the finger nails of the boy you imagine you could just die for. There is plenty of time in the future for holding hands and the dying business. What you want to hold now is a pencil and a clear brain. Then make in due time you can make yourself worthy of some one who really is somebody—Highland Vidette.

Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.

STRANGE USES FOR MILLET SEED.

An Important Article of Food in Some Parts of Russia.

Millet seed, shelled, boiled to a porridge, is an important food in Russia, according to a report which the Department of Commerce has received from Consul John H. Grout at Odessa. It is also cooked for dogs' food and for young fowls, and is supposed to be particularly good for these purposes. It may be well to try some of these on the farms.—Kansas Industrialist.

Constipation Cured.

Dr. King's New Life Pills will relieve constipation promptly and get your bowels in healthy condition again. John Supic, of Saubury, Pa., says: "They are the best pills I ever used, and I advise everyone to use them for constipation, indigestion and liver complaint." Will help you. Price 25c. Recommended by W. W. Gibson.

The Local Paper.

Each year every local paper gives from \$100 to \$5,000 in free lines for the benefit of the community in which it is located. No other agency can or will do this, the local editor, in proportion to his means, does more for his town than any other ten men, and in fairness, man with man, ought to be supported, not because you admire him or like his writings, but because a local paper is the best investment a community can make. It may not be brilliant or crowded with great thoughts, but financially it is more of a benefit to a community than a teacher or a preacher. Understand us now, we do not mean morally or intellectually, but financially, and yet on the moral question you will find the majority of the local papers do the most work for the least money of any people living.—Horton Headlight.

Best Medicine for Colds.

When a druggist recommends a remedy for colds, throat and lung troubles you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all remedies failed." It will do the same for you if you are suffering with a cold for any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by W. W. Gibson.

If your liver gets "balky" start it by using Dr. Miles' Laxative Tablets. They seldom fail. (Advertisement.)
